AT2217

## Reliable, Durable, Covertness

Strobe Light Tracker AT2217 looks and functions exactly the same as a standard beacon light, designing to track your forklift asset with easy installation. It is equipped with a LTE CAT-M1 modem, a powerful GPS module and a long life lithium battery, which can provide 60 days of location reporting with automatic notifications of changed conditions when unpowered. Also, it contains a 3-axis accelerometer for forklift motion detection and timely reporting of GPS information when the forklift is moving. The AnyFleet web portal provides a rich source of data to assist you in monitoring the status of your forklifts.

**Complete covertness, Robust tracking performance**  
**Quickest and simplest installation**

## Works for All Forklifts!

Warehouse Forklift

Walkie Stacker Forklift

Heavy-Duty Forklift

Rough Terrain Forklift

Reach Fork Truck

Pallet Jack Forklift

Counterbalance Forklift

Order Picker Forklift

Telehandler Forklift

Side Loader Forklift
